DONALD & DEBORAH BRADLEY

PlanNet Marketing Co-Founders

Welcome to Project Freedom!

Freedom comes in many different forms and PlanNet Marketing stands on two types. They are Time Freedom and Financial Freedom. We see time freedom as being able to do more of the things we always wanted to do on our own terms. We can't get time back, but we can do more with the time we have left.

For us to do more with our time, we must have Financial Freedom. PlanNet Marketing is glad to offer an opportunity that provides a vessel that can give you both time and financial freedom at your own pace and mostly importantly, it's unlimited. You determine how much freedom you need by helping others get the freedom they desire. We are exchanging financial independence energy and we simply can't keep it to ourselves. As the saying goes, "sharing is caring!"

We also believe that Freedom isn't Free, and it takes extraordinary effort to get it, maintain it and live it. Time waits for no one, but we can spend it doing more of the things that bring us joy, peace, and happiness.

Over the next few days, you will be inspired, motivated, and forever changed. Make sure when you get back home or wherever your destination, you unpack all that you have experienced and unleash it forward.

Project Freedom Forever,
Donald & Deborah Bradley
PlanNet Marketing Co-Founders

ANDY
CAUTHEN

Project Freedom! Welcome, PlanNet Marketing Reps and special guests, to the **PlanNet Marketing 2023 International Convention** at the beautiful Marriott Orlando World Center!

This year's theme is "Project Freedom!" Freedom is defined as "the quality or state of being free - unrestricted." That's the opportunity for a Rep at PlanNet Marketing.

PlanNet Marketing is experiencing another record-breaking year and is well on the way to the 100,000 ITA mark! PlanNet is thriving! We are in a business that allows us to flourish in an ever-changing and challenging economic environment. And with our independent home-based business opportunity, PlanNet Marketing is in a position to help so many people who need a boost to their financial condition.

The Vision of Founder Donald Bradley – his objectives for this company – brought us all together and keeps us moving forward. It's a dream combined with ACTION and has impacted the lives of tens of thousands on two continents and over 20 countries over these past almost-eight years.

This Convention offers multiple outstanding educational opportunities at PlanNet University. You'll have opportunities to be coached by the very best of the best – Instructors who are teachers AND practitioners. They don't just talk the talk; they walk the walk. Your notes from these classes can be a guidebook for even greater success.

Saturday's General Sessions will create lifetime memories! You'll hear from PlanNet's outstanding Director leadership, you'll be inspired by Mr. Bradley's dream for you and this company for the short term and long term, and you'll be among the achievers recognized for their accomplishments!

These Convention days will be life-improving and memorable experiences! You'll expand your vision – you'll think and plan bigger than ever before! Your business will move to the next level!

The income statistics above are for all active PlanNet IRs who were enrolled during the period from January 1, 2022 to December 31, 2022. The annualized figures above represent an IR active for all 12 months

An "Active IR" is defined as a person who enrolls with PlanNet Marketing for \$19.95 initial fee and \$19.95 monthly. During the period January 2022 to December 2022, 21.31% of all IRs earned a commission or override, while 78.69% did not. The average annual commission or override earnings of all IRs, including those who did not earn a commission or override, was \$1,015.24. The average annual commission or override earnings of that group of IRs who earned a commission or override was \$3,154.29.

All amounts are represented in U.S. dollars. The earnings of the IRs in this chart are not guarantees of the income, if any, that a PlanNet IR can or will earn through his or her participation in the Company Compensation Plan. The average IR spends between \$19.95 and \$239.40 annually in monthly administration fees as they build their business. Note that it takes hard work to make substantial income in this business. Success requires personal effort and dedication.

We cannot wait to share what we have planned in the upcoming year – it is going to be incredible!

As the Vice President of Marketing Administration for PlanNet Marketing, I am deep in the trenches in the planning, coordinating, and execution of our corporate events as well as our annual International Convention and it truly is the best job on the PlanNet! It's exciting to work with such a dedicated and talented corporate planning team when executing these events. Project Freedom is Underway!

Welcome one and all to beautiful Orlando, Florida and the 2023 PlanNet Marketing International Convention.

PlanNet Marketing is committed to bringing you a home-based business that offers FREEDOM, flexibility, and the opportunity for financial independence. Freedom isn't only about doing whatever you want, it's about experiencing success in everything you do! To experience success in your PlanNet Marketing business, here are some tips:

Follow the Rules.

When you became a Rep with PlanNet Marketing, you agreed to familiarize yourself with our policies and to follow them! Many Reps accidentally break a rule because they don't know the rules. Knowing the rules is a responsibility you have committed to as a PlanNet Marketing Rep. Start reading our blog, reading the PlanNet Marketing Policies and Procedures (P&P) or PlanNet P&P Rundown – a one-page bullet point list of many important policies. (Both documents are available in the Virtual Office under Resources) and copying the right cat (a good mentor is key)!

Be a Professional.

PlanNet Marketing prides itself on the quality and character of its Independent Representatives (that's YOU). Together we can ensure excellence throughout our organization. Every PlanNet Marketing Rep is expected to be respectful of every person met while conducting PlanNet related business. Be positive and uplifting with one another - negativity doesn't help anyone. Giving your team and customers support and encouragement is the single best service you can offer in this business. People don't care how much you know, until they know how much you care!

Fail Forward.

We all make mistakes! Just make it your goal to learn from those mistakes and keep moving forward. If you do break a rule, or if there's a complaint that involves you, I'll probably send you an email. Please read the email and respond in a timely manner. I promise to be professional and work with you through the issue. Then use this experience to build a better business for you and your team.

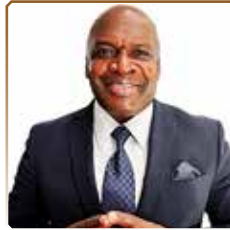

You are here because you understand the significance of FREEDOM and you are more determined than ever to keep moving forward and create more freedom in your life. You are truly committed to your PlanNet Marketing business, and it shows! Welcome!

Freedom! It's something I always dreamt about and wanted. But I honestly thought it would only be a dream. As a single mother of two, I have always wanted to give my daughters the best care, no matter how hard I had to work, and how many tears I had to cry. They have always been My Why.

When times grew tough for me financially, I decided to go back to school to obtain my master's degree for better job opportunities. Although I was able to get a better paying job, I was working countless hours every day, with no freedom. I would sit at work dreaming about traveling and seeing the world. I would dream about shopping and not worrying about the cost. I would dream about unexpected expenses arising and it not affecting me, because I had the money. I would dream about being debt free. I would wonder, how are people really living this life of freedom?

I still remember the day I made up my mind. When I finally got sick and tired of being sick and tired. I wanted better for me; I wanted better for my daughters. So, I started to research business ideas, and since traveling was something I wanted to do, that's what I researched. One day I stumbled across PlanNet Marketing through my own research. I watched videos and testimonials and thought to myself "If they can do it, I can too!" I literally went searching for someone who could help me get started immediately! Because my mind was already made up.

I started this business with no knowledge of the industry, and I was terrified. But I was more terrified of staying in my current situation forever. Throughout this journey I've had many ups, I've had many downs, I've even gone through brain surgery to remove a tumor. So many people thought I should quit during my recovery, but I couldn't! Even when the thought would cross my mind, God would wipe it away. He knew what this business was going to do for me. Give me the FREEDOM I've always dreamt about!

Because of PlanNet Marketing, I went car shopping and got the car I wanted, not the car the dealer told me was my only option. Because of PlanNet Marketing I just closed on my first home on March 24, 2023. A house that I had dreamed about! Although I still work a full-time job, my down payment and closing cost ALL came from my PlanNet Marketing income! I even surprised my daughters with a goldendoodle after closing. It's one thing they've always wanted, but I couldn't give it to them, due to renting.

Because of PlanNet Marketing I have my dream of Freedom! Financial Freedom where I'm able to live the life I want without being limited. I have money to cover all my expenses, unexpected expenses, and still save for the future. Because of PlanNet Marketing I have Time Freedom, where I have control over how I spend my time. I'm able to prioritize what's most important to me and do more of what I want to do. Because of PlanNet Marketing I have Personal Freedom, living life based on my dreams and desires. I have traveled more than I have ever traveled in my life! My daughters travel more than I ever did as a child. I was able to take my mother to Jamaica for her birthday paid in full! There was nothing she needed to pay for. Watching her cry tears of joy was a magical moment.

Because of PlanNet Marketing, my life has completely changed. Thank you, Mr. and Mrs. Bradley, for following the vision; had you not I wouldn't be where I am today. Thank you, Mr. Orlanda Moore, for showing us every day what a leader looks like. For reminding us that it's not easy, but it will be worth it. Thank you, Mr. Greg and Carla Scott, for your leadership, your humility, your love, your mentorship and understanding. The directors retreat you hosted in 2021 made me dream bigger than I ever had before, thank you!! Lastly, thank you team!! I can never express how blessed I am to have each of you. I will continue to lead, continue to serve, and continue to help more people have FREEDOM! I love you all.

LEAH LOCKETT

Since starting my PlanNet Marketing journey just over three and a half years ago not only have I achieved all of the three freedoms you constantly hear us talking about, but I really did find my calling within the network marketing industry.

Previously to PlanNet my background was corporate real estate, a box I never really fit in but wasn't sure how to get out of. A world where my time 'freedom' was limited to 25 days a year and the harder I worked for the company the more time freedom I seemingly created for my boss! Then along came the term RESIDUAL INCOME, with a vehicle like PlanNet Marketing and a product as sexy as travel. I knew almost instantly I was going to make some big waves in this company – and that's exactly what I did. Within 16 months I hit Three-Star Director and was able to sack my boss. I traded everything I had been made to believe I was supposed to be doing, for something I was actually MEANT to be doing.

Having time freedom has enabled me to cross more things off my bucket list in one year than I ever could have done in 20 years with the limited holidays and constraints of a corporate job, all while maintaining a thriving business. This vehicle has provided me

with the flexibility to structure my work around my life rather than the other way around. I won't sugar coat it - do I still work long days on early morning and late-night zooms and on all different time zones? YES! Most days I do, but in May I was able to take a whole month off and spend it in Dubai knowing that the last three and half years have got me covered. Plus, I was paid more in May than any other month previously.

Thanks to PlanNet, the concept of being tied to a specific location for work is obsolete in my life. Embracing the digital age, I harnessed the power of technology and social media to build and manage my business from anywhere in the world. This location freedom has not only given me the ability to travel and explore different places but also opened up a global market for my business. I connect with like-minded individuals, expand my network internationally, and tap into diverse markets beyond the confines of my hometown and country because the world is now my workplace!

This vehicle has undeniably revolutionised my life, offering me financial independence, the flexibility of time, and

the freedom to work from anywhere. I have been able to step away from the limitations of traditional employment (and help so many others to do the same in the process). I now embrace a new path that aligns with my aspirations and values.

The journey hasn't been without challenges, but one thing I can tell you is it has and will always continue to be worth it. I have overcome obstacles and transformed my life for the better. PlanNet Marketing has opened so many doors of opportunity for me, allowing me to create a life of abundance, purpose, and fulfilment while empowering others along the way! And there really is nothing better than making an income whilst making an impact!

I identify myself as a humble person with passion from Atlanta, Georgia. A person who has always put others before self, regardless of the circumstance. I am passionate about helping people and have always wanted to make a difference in others' lives. The values of PlanNet Marketing were instilled in me at an early age. I come from a family of educators and entrepreneurs. In my younger years I saw how my grandparents and parents would help underprivileged children to give them hope of a better life. My grandparents set the standard showing me that when you help others, regardless of where they come from, you will live a life of abundance.

I partnered with PlanNet Marketing seven years ago when my family dynamics changed and I had just become a single mother. I was raising my daughter who attended an elite private school in Atlanta. I had a successful corporate job as an operations manager at a well-known company, but I was time broke. I managed several departments that were open 365 days a year and 24 hours a day. I had sleepless nights and very little time to spend with my daughter or my family. As a mother I refused to let obstacles get in the way of her destiny because she was brought into this world 27 weeks early, weighing one pound 11 ounces. I am blessed to have her in my life, so I had no other choice but to do what I knew best which was to survive.

As I reflected over my life, I realized there is more to living and would never allow anyone else to have I understood the assignment that push forward. For me to achieve be made, sometimes events would prom. I understood the importance depending on me to ensure she level of education all through well worth the sacrifice because a me go. I thank God for blessing me courage to step out on faith. PlanNet survive, still pay my bills and shifted

control over my destiny. At this point was ingrained in me from my roots, my financial goals a sacrifice had to be missed - like my daughter's senior of sacrifice, because my daughter was would continue to have the highest college and graduate school. It was few years later my corporate job let with this opportunity and having the Marketing put me in position to my income from a six-figure annual salary to six figures residually. I now have time freedom, personal freedom, financial freedom, and a legacy for my

daughter.

"Project Freedom" is the perfect theme for our 2023 Convention. We are releasing families from generational blocks and giving us the freedom to do so much for our families. I am humbled and truly grateful to be recognized as a top industry leader this year.

I want to thank my family for their support over these past seven years. That support has enabled me to keep my eyes on the prize. Thank you, PlanNet Marketing, for creating a life of abundance for my daughter and my family. I am forever grateful.

I am so honored to be a part of an amazing group of people who are Sapphire Presidential Ring Wearers. PlanNet Marketing has not only helped me financially but mentally and emotionally as well. I never thought in a million years I could say I am earning six figures in a 12-month calendar year and alongside such a prestigious group of people!

My name is Jennifer Smith. I am a very proud single mom to three amazing sons. We reside in a small town in Northwest Ohio. I joined PlanNet in December of 2016. My friend and sponsor, Cindy Bruggeman introduced me to PlanNet Marketing on a phone call. Honestly, I thought I was too busy to work on this business. I have no college degree and was working a few part time jobs just trying to make ends meet. I was waitressing, working as an insurance agent and selling health and wellness products. Also, being a single mom of three active boys, I was ALWAYS busy! BUT once I saw a presentation I was blown away and knew I had something that could be life changing! I NEEDED this business to work! I would wake up early and work the business, I would work in the car at the boys' sports activities and school events, I stopped watching TV and stayed up later at night to work the business. When you find something like PlanNet and see the opportunity it can give you, you find the time to make it work.

I want to thank my team for always being so supportive, hardworking and selfless. I definitely did not do this alone. I also want to give a special thank you to Cindy Bruggeman, she has been there for me, and she believed in me more than I believed in myself. I remember the first month I was in business I drove two hours to an in-person meeting in Cleveland. Cindy was there sitting next to me and when the presentation slide came up about the Presidential Rings, she whispered to me, "I'm going to have one of those." I thought she was joking at first because I never thought something like that would be possible and did not have that belief...yet. After that meeting I stole her belief for a little while and thought maybe it is possible for me to earn that ring too! That meeting, and Cindy, changed my thought process immensely! I cannot thank her enough! AND the LEGACY! I am beyond grateful knowing that I will

still be taking care of my boys even after I am gone is just so special. Just something magical about that.

I am also so grateful for this business, as well, because in the last two years I have been able to purchase a home and also bought a brand-new Bronco! I have a savings account! Before this business I would always have to check my bank account to be sure I would have enough money to simply treat my boys to an ice cream or even to buy a gallon of milk. I was always stressed about money, and it was so scary.

My Sapphire Ring is not just a celebration of six figures. It is a celebration of all the small steps and sacrifices throughout the past six and a half years. The celebration of so much personal growth in myself, the celebration of seeing others skepticism turn into belief and opportunity and also the celebration of all the struggles. YES, celebrate the struggles too because there are lots of ups and downs but celebrate it all. It is ALL worth it!

STEPHANIECLOUTIER

February 2018 is when I found PlanNet Marketing. I was a registered nurse at the time looking for a way to earn enough income to retire from the healthcare profession. I was burnt out and stressed from the field. I had tried several direct sales companies over the years and failed miserably. All I wanted was to spend more time traveling the world and doing the things in life that I enjoy. I found myself always looking forward to a few weeks off for vacation and then back to being stressed and unhappy the rest of the year at my job.

My husband Jason and I are avid travelers and lovers of the Caribbean, especially Jamaica where we were married. We were on our way home from a trip to Jamaica in 2018 when I was approached with this opportunity from a Rep in Scotland, Director Jenna Burns. When I saw the presentation, I was in awe! Nothing I had ever tried worked but I knew instantly that PlanNet Marketing was special. I knew that it would be the vehicle I needed to accomplish my goals! I was introduced to Director Cindy Bruggeman from Ohio for guidance and leadership here in the USA, since my sponsor was in the UK. I flew out to Ohio from Maine to meet with Cindy and attend my first PlanNet Super Saturday event. I remember seeing Mr. Shedrick White do the presentation as the light from the room bounced off of his shiny ring. I was even MORE excited after that! I knew right then that I wanted to be at least a Three-Star Director and get one of those rings! I saw the full vision that weekend and went all in.

Within my first 10 months in the company, I became a One-Star Director and was able to cut back from my nursing career. After just a few years I was able to replace my nursing income and retire completely from healthcare! Now five years later, I'm so honored to be a six-figure earner in PlanNet Marketing making more than I ever made as a nurse. I still get to HELP people in the world, but it's in a completely different way!

PlanNet Marketing has changed my entire life. I no longer need to ask for time off for holidays, leisure or vacations. My husband and I enjoy camping, fishing, traveling, and cooking! I get to travel whenever I want, and even went to nine Caribbean islands just this past winter. I get to enjoy each day the way I choose and never have to clock into a nine-to-five again. If I'm not traveling, I'm in Maine at my beautiful home with my husband, step kids and our dog Bella - enjoying life! I have over 1000 agents on my team worldwide and I've made it my mission to help as many of them as I can reach their goals. I want to give them the vision that Jenna Burns blessed me with and that Cindy Bruggeman fueled! Help

them see the DREAM that is now my reality.

Having earned the PlanNet Pledge legacy and knowing that I get to pass this business down to my family when I'm gone is an incredible feeling. We get to create greatness and give the gift of greatness to the ones we love. I'm determined to help other families get that Pledge for themselves. Help them change their lives and reach BIG goals. We are at such an exciting time in this business and the industry as a whole and I feel blessed to be here! I have NEWER and bigger goals now as I reach for my next promotion and my next ring! My best advice is NEVER giving up on your dreams! Design a life that you don't need a vacation from. Dream it, Plan it, Do it!

X QUIANA BUTLER

I'm not even going to lie; I had my doubts about starting this business. Mostly because I've been a part of seven other network marketing companies and had very little success. This is why when I started my PlanNet Marketing business and my IntelTravel business, I told my sponsor, Keymone Noble, that I was only joining to take advantage of organizing destination workshops for my business. Little did I know, there was way more than workshops that this business could provide for me and my family.

About two weeks in the business, Keymone reached out to me, asking me when I was launching my business. He was really on me, so I decided to go ahead and invite my network to hear about what I do.

In two days, I was a Gold Builder, and that is what changed my perspective about what this business can actually do for me and my family. You hear companies say turnkey, and you hear companies state 'you can make a lot of money,' but I never believed it until I joined this business.

Forty-five days later, I found out I was pregnant with my second child. It was rough. In and out of the emergency room, specialist visits, genetic testing all came back abnormal, and doctors believed that my baby may have a possible birth defect. I was crushed. But I knew that I had time to get it together and prepare for what could possibly come. I knew what I had to do.

Though I was dealing with a high-risk pregnancy, I really wanted the PlanNet Pledge. I knew it would require hard work and me stepping into a leadership role... something I said I would not do again. But in my case, I knew that I needed residual income right away, especially since I didn't know if I would be able to sustain my business with the possibility that my child may have a disability. I knew PlanNet provided me with a vehicle to gain residual income and a legacy simultaneously, so I went to work.

In October 2019, after eight months in business, my team and I became a One-Star Team. I was eight and a half months pregnant at the time. Three weeks later I had my perfectly healthy baby and three months after that, the pandemic happened. My traditional business income declined drastically, I lost clients and contracts, but because of PlanNet I was able to continue to pay my bills and feed my family. I didn't miss a beat, but I wanted more. November 2020, my team and I became a Two-Star Team, June 2021 we became a Three-Star Team, and at the end of 2022 we qualified for our 1st month of receiving the Sapphire Ring! I was experiencing the most success I've ever had in my network marketing career.

When I hear Project Freedom, I think of how PlanNet has provided me with an opportunity to move into a bigger house, purchase a Cadillac, travel every month with my family, and buy brands that I would never have thought I would be purchasing. I've been able to pay bills without worrying about where the money will come from, I invest more, and I save more too. I've now experienced fine dining and flying first class. And most importantly, I think about what PlanNet has allowed me to do for my children. My children may have many challenges in life after I transition, but money won't be one of them. And it's because of PlanNet Marketing.

I am forever grateful for this opportunity, I'm forever grateful for Mr. and Mrs. Bradley, I'm forever grateful for Keymone following up with me, I'm forever grateful for Natalie Nicole Graham for taking me under her wing, and I'm forever grateful for my AMAZING TEAM!

I encourage everyone reading this to keep going. It's going to be rough sometimes, people will tell you no, people will criticize you, people will not support you all the time, people will have negative things to say... but it doesn't matter. As long as PlanNet IS IN YOU and you do the work, YOU WILL WIN! PlanNet Marketing can change your life, just as it did mine.

KEYONA GREGORY

I'm Keyona Gregory from Kansas City, Missouri. I have four beautiful children, married and have spent over a decade in the healthcare industry, primarily in the management and IT space. My journey has been very "untraditional" from being raised by a single father who didn't drive due to being Epileptic (so I never traveled past Kansas); to having a child as a teen, forcing me to attend an untraditional college for four years accumulating over \$60,000 in student loans. I got married at the courthouse the untraditional way six months after we met and created a family that now requires a legacy. All these things led to me being part of PlanNet Marketing, which is a very untraditional industry. To be honest, no one ever stood up on career day and said I want to be a travel professional, let alone a professional network marketer. Who would ever think something so "untraditional" would lead me to TRUE freedom in just two and a half years!

This business has afforded me the age of 33, so I now have personal and time is "It's about ME in 2023!" I'm enjoying my birthday in places like Dubai. I retired I earn residually. Now don't get me wrong I kiddos by surprising them for lunch and my this can last longer" and being present for award paper when they get home. Most

opportunity to retire myself at the freedom for ME!! My motto this year monthly spa days and celebrating debt-free so I can enjoy the six figures love sharing my personal time with the son saying, "I'm going to eat slower so their mid-day awards vs just seeing the parents want to give their children the freedoms they never had and with this business we have already knocked off a couple things from the list. Purchased

my new Barbie house in the suburbs which allows my children to be in a better environment, better school district with better education and more resources to help them thrive in life. They all have passports because I wanted them to have the freedom to see the world too. I want them to travel to places most kids just read about and experience different cultures, foods, languages, etc. We all experienced Disney World as a family for the first time so we all received the first time at Disney pins together! It was so magical to see the fireworks behind the castle that I dreamed of my whole life! My children have been all over the US and experienced a couple of cruises. We just celebrated my eldest's sweet 16 on a cruise with all expenses paid. We cruised for FREE because we sold so many cabins! I look forward to my children attending college and not solely depending on scholarships and/or financial aid because I will have the Gregory Gang College Fund to send them to school debt free! If they want to do what I do, I got \$200 x 4 for them too!

Lastly, I have had the freedom to spoil my dad like he spoiled me. He's now traveled past Kansas and took his first flight to Vegas, where he got married for the first time in his 60's.

Because of this business I had the financial freedom to make it all expenses paid for him and his wife from the flights on Delta, limo service upon arrival, hotel resort at the brand-new adults only Circa resort, VIP Private Rooftop Suite with pool to watch the game and the wedding chapel! Just saying, "I got it, enjoy yourself" was a blessing and I didn't have to touch any of my work money or my savings to do it. He's been on two cruises now and loves to travel. Outside of just traveling I was able to purchase his new teeth and have them made same day when Medicare denied his request. Even though my dad worked hard his whole life, the government could still deny him teeth. Back in early 2000's, we lost our home because he was uneducated on "balloon" rates, so I look forward to purchasing him his first home that will be paid in full within the next five years. The only balloon we will have will be at his ribbon cutting of his new home!

Now I know you're saying going the untraditional route isn't so bad and we would love to see more people achieve this level of FREEDOM. My goal is to help as many people get the time, personal and financial freedom they desire and deserve! #ProjectFreedom

When I started this business in September 2020, I wanted nothing more than to be able to travel. I was working fulltime in healthcare as a CCMA, CPT and CPhT. Working in healthcare during the pandemic was a bit stressful. From the day-to-day worries of having to care for sick patients while hoping to dodge the deadly virus yourself, to hearing stories of COVID related death, to actually having to deal with personal family deaths and if that wasn't enough... worrying whether or not there would be any job layoffs or door closings as I worked on a college campus and not in a hospital. The start of this business opportunity was simply to escape and be able to enjoy life with my family...that is what I went after.

It wasn't long before I learned that this travel. Hearing other success stories of thirties made me take a deeper look. I could WIN! What was winning for me? I saw all the FREEDOMS promised to me in evidence of individuals living those exact to me! One thing that I love about this you who want to see you win. I was able was in my upline and have her lay out the than what she told me and guess what? I became a One-Star Director and I saw pay. Five weeks later I became a Two-Star my monthly income. August 2021 (11 my employer and started to live life on my point... help enough people get what default. September will make three years Sapphire Ring Wearer, and I am PLANNET

opportunity was much bigger than individuals retiring in their twenties and then found that simply by helping people, Being able to live life on my own terms. I the company's presentations, then I saw Freedoms. That meant it was AVAILABLE business is that you have people around to plug in with a complete stranger that BLUEPRINT for me. I did nothing more Within six months of being in business, that my income matched my nine-to-five Director, and the income then surpassed months in business), I walked away from own terms. The task was very clear at this they want, and I would get what I want by in business, and I am a proud Presidential PROUD!

I am not on this journey alone. Having my husband in business with me, we are able to build and grow together. Besides,

it's the sexiest industry in the world, who better to be able to enjoy the product of the business with. However, the goal has changed! While I came into the business to travel, which we have been able to complete bucket lists trips and take our family all over, what's most

important is that a LEGACY has been secured. Knowing that there will be income that extends beyond my grave gives me peace. The goal now is to INCREASE that legacy for generations to come, to retire my husband so that he too can enjoy the Freedoms of life. Just think...all of this can be accomplished by helping more and more families obtain freedom for themselves.

You ever come across something that you didn't KNOW you needed until it found you?! PlanNet Marketing is that "something" for me. I knew that "something was missing" in my life, but I was unsure of what. Originally from Arizona, but raised in Petersburg, VA as a military brat, I attended George Mason University (Fairfax, VA), where I received my degree in Accounting. I landed a career in the Federal Government where I was comfortably living in Chesterfield, VA with my fiancée and three (3) children. I was well. It wasn't until I was introduced to PlanNet Marketing that I realized that the "wealthy" life of abundance is what I truly desired.

As a mother of 3 (currently 22, 19, and 5), I had achieved a level of success some dream of: 17-year career with the Federal Government working up the ranks, making a nice six figure salary, a house and more. However, in January 2021, I finally LISTENED to an opportunity to which I said "no" to previously ~ 4x in a row over the span of 4 months to be exact! It was, in fact, the missing piece, but I still did not realize it's full potential! But in February 2021, after truly dissecting the compensation plan that had allowed Director Shay Simon, my childhood friend & sponsor, to MATCH her income in 6 months and double it 3 months later, I realized that this opportunity was undeniably much more ~ it wasn't just a PIECE to my puzzle, it was the entire border! Little did I know that this opportunity would forever change my life in ways I never expected; ways that I never knew I needed.

Go Gold they said! So I did – in 30 days! Go Wide they said! So I did – hitting 20/20 a month later; 40/40 two months after that; 60/60 two months after that; 1 Star Director a month after that; 80/80 five months after that; Century Club four months after that; 2 Star Director a month after that; and 3 Star Director seven months after that!! On June 3, 2023, just a little over 2 years of being in the business, I was awarded the Presidential Sapphire Ring indicating that I make a minimum of \$8,333.33 a month residually. I had officially matched what I was bringing home from my full-time career and did so on a part-time basis. When you stop Passing Over Opportunities Repeatedly (P.O.O.R), you tap into abundance.

Without realizing what I was doing, I was truly designing my IDEAL LIFE! The comfortable life I had become accustomed to was no longer okay for me. PlanNet Marketing had shown me that I could easily pay off my debt and raise my credit score – true Financial Freedom. PlanNet Marketing had shown me that I could move around the world as I wanted too, vacation when I wanted to, stay at the places I desired – true Personal Freedom. PlanNet Marketing had shown me that I no longer had to TRADE time with the people I loved to secure income for those same people – true Time Freedom. Every milestone I achieved, I was introduced to a new level of freedom. Every new level of freedom reminded me and continues to remind me that another level exists. My dreams, my goals, and my aspirations continue to grow and Project Freedom reminds me that not only is all of it obtainable, but Project Freedom will continue to be the catalyst to make them happen!

The greatest gift of all is that my children are watching and know that what the world tells them is required to be successful in life, their mother, with the help of PlanNet Marketing and Project Freedom, has shown them otherwise. I truly desire for each and every one of my champions, and every one reading this to realize that if I can do it you can do the same. From the 'Burg to the Beaches to the Bank; I'm nowhere near done and I'm taking everyone who desires to go with me. In the words of Millionaire Maddy, my 5-year-old, "now let's go do this meeting because we're going to be rich!" Next up, early retirement....

I am truly grateful Mr. & Mrs. Bradley for changing my life and the lives of my family. "I could never repay you, but my plan is to make sure you understand...."
