

You ever come across something that you didn't KNOW you needed until it found you?! PlanNet Marketing is that "something" for me. I knew that "something was missing" in my life, but I was unsure of what. Originally from Arizona, but raised in Petersburg, VA as a military brat, I attended George Mason University (Fairfax, VA), where I received my degree in Accounting. I landed a career in the Federal Government where I was comfortably living in Chesterfield, VA with my fiancée and three (3) children. I was well. It wasn't until I was introduced to PlanNet Marketing that I realized that the "wealthy" life of abundance is what I truly desired.

As a mother of 3 (currently 22, 19, and 5), I had achieved a level of success some dream of: 17-year career with the Federal Government working up the ranks, making a nice six figure salary, a house and more. However, in January 2021, I finally LISTENED to an opportunity to which I said "no" to previously ~ 4x in a row over the span of 4 months to be exact! It was, in fact, the missing piece, but I still did not realize it's full potential! But in February 2021, after truly dissecting the compensation plan that had allowed Director Shay Simon, my childhood friend & sponsor, to MATCH her income in 6 months and double it 3 months later, I realized that this opportunity was undeniably much more ~ it wasn't just a PIECE to my puzzle, it was the entire border! Little did I know that this opportunity would forever change my life in ways I never expected; ways that I never knew I needed.

Go Gold they said! So I did – in 30 days! Go Wide they said! So I did – hitting 20/20 a month later; 40/40 two months after that; 60/60 two months after that; 1 Star Director a month after that; 80/80 five months after that; Century Club four months after that; 2 Star Director a month after that; and 3 Star Director seven months after that!! On June 3, 2023, just a little over 2 years of being in the business, I was awarded the Presidential Sapphire Ring indicating that I make a minimum of \$8,333.33 a month residually. I had officially matched what I was bringing home from my full-time career and did so on a part-time basis. When you stop Passing Over Opportunities Repeatedly (P.O.O.R), you tap into abundance.

Without realizing what I was doing, I was truly designing my IDEAL LIFE! The comfortable life I had become accustomed to was no longer okay for me. PlanNet Marketing had shown me that I could easily pay off my debt and raise my credit score – true Financial Freedom. PlanNet Marketing had

shown me that I could move around the world as I wanted too, vacation when I wanted to, stay at the places I desired – true Personal Freedom. PlanNet Marketing had shown me that I no longer had to TRADE time with the people I loved to secure income for those same people – true Time Freedom. Every milestone I achieved, I was introduced to a new level of freedom. Every new level of freedom reminded me and continues to remind me that another level exists. My dreams, my goals, and my aspirations continue to grow and Project Freedom reminds me that not only is all of it obtainable, but Project Freedom will continue to be the catalyst to make them happen!

The greatest gift of all is that my children are watching and know that what the world tells them is required to be successful in life, their mother, with the help of PlanNet Marketing and Project Freedom, has shown them otherwise. I truly desire for each and every one of my champions, and every one reading this to realize that if I can do it you can do the same. From the 'Burg to the Beaches to the Bank; I'm nowhere near done and I'm taking everyone who desires to go with me. In the words of Millionaire Maddy, my 5-year-old, "now let's go do this meeting because we're going to be rich!" Next up, early retirement....

I am truly grateful Mr. & Mrs. Bradley for changing my life and the lives of my family. "I could never repay you, but my plan is to make sure you understand...."
